

## Gerber Motorsport Banner Design Goals

- Create banner to put on windshield of cars built by Gerber Motorsport.
- Banner must be scalable to fit on different vehicles (drawn with paths).
- Banner should resemble original company logo.
- Banner should be printable on static cling or vinyl wrap.

## Gerber Motorsport Banner Final Design

- Banner was built in Adobe Fireworks, then saved as an EPS.
- Banner is used shop-wide on all project cars.
- Banner will be used on redesigned shop website.
- Banner was delivered with multiple color options for use with different vehicle colors/owner preference.
